### REASONS FOR ALLOWANCE

2. The following is an Examiner's Statement of Reasons for Allowance:

Upon reconsideration of applicant's amended claims, the previous rejection under 35 USC 112, first paragraph, with respect to "cell surface molecules" has been withdrawn.

Applicant's amendment in conjunction with a Copy of the Correspondence with Ms. Tanya Nunnally at the ATCC, filed 7/27/04, has provided for the public availability of the 9.3 antibody (ATCC No. HB-10271).

Applicant's Remarks concerning the deposit and assurances of the EX5.3D10 (ATCC No. HB-11373), filed 8/13/04, are sufficient to satisfy the deposit of biological materials under 35 U.S.C. § 112, first paragraph.

The terminal disclaimers filed on 7/27/04 and 9/22/04, disclaiming the terminal portion of any patent granted on this application which would extend beyond the expiration date of U.S. Patent Nos. 6,352,694 and 6,534,055 and USSNs 08/253,964, 08/592,7111 and 09/349,915 have been reviewed and have been accepted. The terminal disclaimers have been recorded.

Upon reconsideration of the pending claims in conjunction with applicant's comments, filed 7/27/04; the previous provisional rejection under the judicially created doctrine of obviousness-type double patenting as being unpatentable over commonly assigned copending USSNs 09/183,055 and 09/553,865 have been withdrawn.

Accordingly, the pending claims are deemed allowable.
